A TASTE OF WINNE

She Loves The Smell And Feel Of Vinyl In The Morning—And So Does Her Lover!

"Vinyl fetish" is a term you've probably heard many times before. Vinyl has a sensuous quality, whether it's an old LP record or a faux-leather clothing outfit, that makes you want to run your fingers over it. Vinyl stimulates a couple of the senses at the same time. Vanessa likes its new smell and the way it feels on her body. Victor, on the other hand, loves how it looks on her. Just the way the vinyl boots set off her long legs alone is enough to bring him to full arousal, and everything else is icing on the cake. So when Vanessa comes into the room where Victor's sitting, the two of them don't need foreplay. The vinyl has already done that for them.

Victor can't stop himself from ravishing his black-vinyl princess. As he licks her pussy he can feel the top of her boots against the side of his face, which only makes him want to fuck her pussy that much harder, But Vanessa has designs of her own on Victor's cock. Stimulated by her black vinyl, she hungrily takes his cock into her mouth and sucks on it furiously, trying to swallow as much of it into her throat as she can. The tears welling into her eyes are not just from her gag reflex but also from the joy of sucking him off.

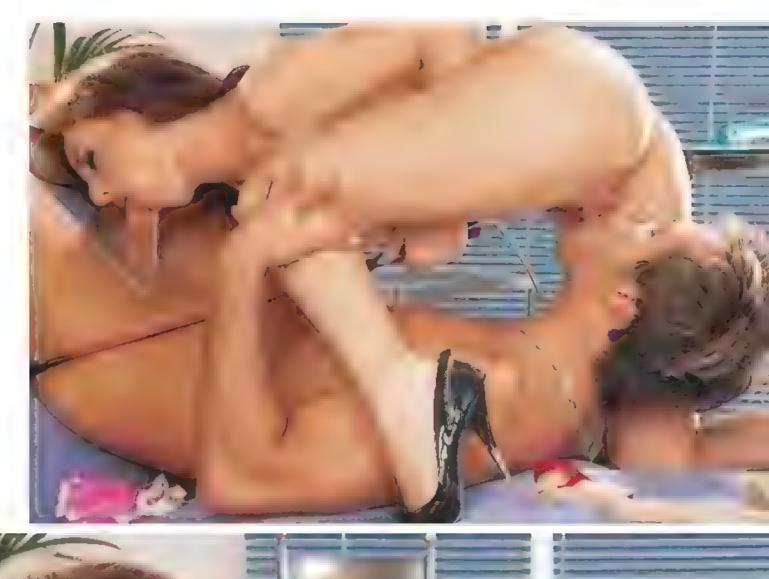

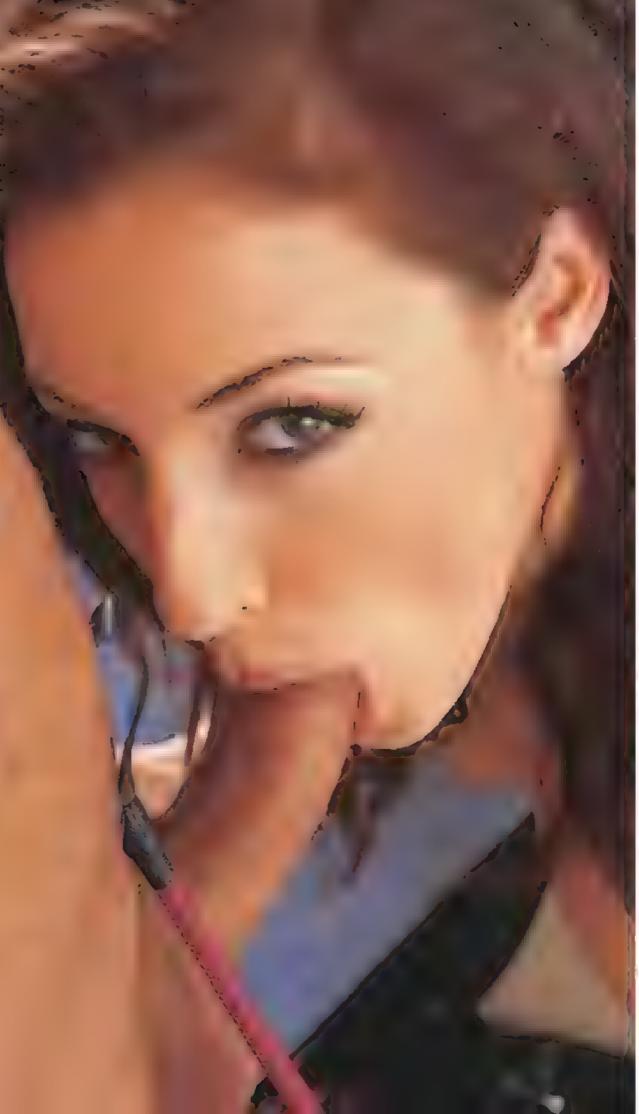

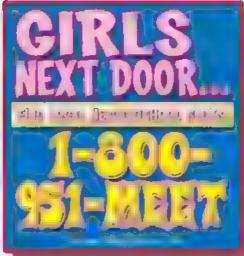

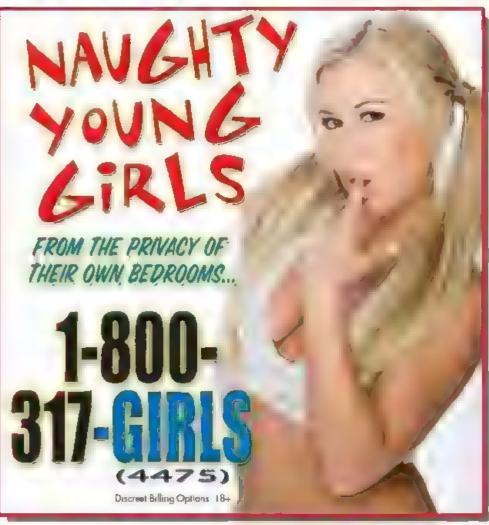

As you gaze at Vanessa s beautiful face to the left of these words try to magine what it must be like to have her sucking on your cock nstead of Victor s Sinking those sweet lips down the ength of your throbbing, red shaft instead of his Moaning for you instead of him, And then finally when you can't stand the moist heat of her mouth and the pure oy anymore, magine what t must fee ke to have Vanessa suck you even harder and pump her face even faster and moan even ouder as you begin to shoot your jizz deep into her throat

SECRET "Sex Serum" Exposed!

Are you the type of guy that women brag about - THAT "One Guy", the one that "rocked her world"? Now be honest, is that guy you? If not, I may have the secret answer that's been apparently keeping the "industry" guys at the top of their game for years. Check out this letter I received (from a chick none the less).

To the Editor: I don't usually write into magazines (especially mags like this), but after uncovering this amazing secret. I just had to blow the whistle on this stud. I know every girl says this, but I've only been with a handful look, maybe two handfuls of guys sexually. And to be honest, a one night stand is a pretty rare occasion for me. But after partying with this guy for a couple of hours and grinding up against him I just had to get a glimpse at what this guy was packing.

Well after heading back to his place, let's just say it got a little crazy. He made all the right moves and the sex that followed may have actually destroyed it for every other man. His cock was so completely hard and BIG. And his slaying power was insane. Holy shit! I must have had 5 or 6 organis after being ravaged 3 times in one night. Now I've been with a couple of guys that performed well in the past. I know one of their was using Viagra, and the other a topical called Maxoderm, which also works pretty well). But hands down this guy was the "champ". I mean he performed sexually like a pro-50 between the size of this guy's unit and the fact that he pounded me for nearly 4 hours, I just had to ask what this super stud was using to rock my world.

Well, after bribing him with some return 'tavors' he finally fessed up Surprisingly enough it was also a topical (like Maxodermi but better. He referred to it as his "secret sexual serum", better known as **PROMAGNUS**. And get this, my super studiaso owned up to being an adult film star. He claims that re'd never be able to perform at his look without the help of **PROMAGNUS** and that it maximized size while helping him to "recover" faster and do it more often (I'll say!). He even said that ALL male stars he knew in the industry use it. "What do you think we have the super human ability to face like that naturally?"

So next time you think that these "super" studs are plugging away on screen with little or no help THINK ACAIN' They obviously need help like everyone esse. So now the secret is out of the bag! I recommend PROMAGNUS to any man looking to perform like a porn star. I know that I'll never let any man that I'm with have sex without it again.

The young blonde wrestled George's cock from the confines of his tight jeans. As it swung free, she caught it in her fingers and slipped the purple head between her lips. It was at that moment that George noticed our roving photog standing at the gate, raising his camera to his eye. George's lips curied into a smile as he lowered his eyes to the girl sucking his cock.

She swallowed George's cock, bobbing her head up and down as she sucked on it hard, and our roving photographer started clicking off shots!

The cute blonde was furiously fucking George when he whispered something into her ear. Her eyes widened in surprise, then she glanced around for a moment. As she fixed on our photographer, 😘 she laughed out loud, but her hips never lost their rhythm. Just as quickly, the girl lost $^{+}$ interest in our pholographer and returned her attention to George's cock. But there was no mistaking the fact that she was now getting into it even more. When she went back to sucking some more on his. cock, she'd turn her head just a little now and then to make sure our boy was still there arphiby the gate, focusing his ... camera and clicking away. She was sucking harder now, her cheeks hollowing isn't it strange how these chicks turn into little sluts as soon as a camera zooms in on them? And when George's moans : signaled his coming orgasm, she grabbed his cock and directed the cumshot on her face like a veteran pom star.

Our photographer ran out of film just as George's cum splattered on her face. Sorry, guys, but the poor man got carried away and finished too soon!

CLAIM TO FAME: Lyndsev and Lacey Love arrived on the porn scene wa our "SEX STAR HOST" contest, and they quickly decided to give up their amateur status and head to the proranks as the newest Vivid Girls. Now with their first movie selling out everywhere, The Love Twins can't wait to continue their freshman year in porn by making the "everyman" fantasy cum true! Just check out their first-ever hardcore layout right here!

Ginger Lynn was the object of 2002's "The E! True Hollywood Story," where her life was chronicled from start to present and revealed her mainstream and porn life and loves in detail.

he age-old question of "Where are they now?" is one of the most enduring albeit frankly nosy, queries uttered by those old enough to actually remember and appreciate porn stars of long ago. Quite honestly, a lot of them don't want to be found at remembered.

A "legend" in port to a fan in their twenties could be a per former who hit their stride in popularity within the post 10-15 years-while an older viewer may consider a "legend" to have been popular way back three to four decades ago. Apples and oranges.

The general consensus is that the Golden Age of Porn would have to be from the early 1970's through the mid 1980's. This was the breakout period when material become more readily ava lable-one more explicit Gosp! Adult films on the big screen? You betcha! It was also the era which brought to light the talents of superstars like Ron Jeremy, Seka, Vanessa Del Ría, Andrea True, and literally hundreds of other memorable bigscreen fuckers.

A second question of what qualifies an adult performer to reach the ranks of a "legend" depends on what entity proclaims them to be at this acclaimed elevated position in the biz. AVN (Adult Video News) has their own Hall of Fame. This is also true of the XRCO (X Rated Critics Organization). Likewise, many publications issue their own list

Vegas and the Strip, has taken it further—and theirs is one of the most prestigious fan-friendly inductions. It is actually their "Wall of Fame" and they refer to it as the "Legends of Erotica." This once a year event, which takes place in early January, is the scene where stars sign and date squares of cement for the wall and, more often than not, add their own personal touches to their square, "ke impressions of their hands," breasis, butts, and other sexy body parts.

ShowGirt Video owners Ray Pistol and Bill Margold put on this fan favorite event. Pistor who also owns Arrow Film and Video, is well-versed in poin history. One of the titles his company owns is Deep Throat. Margold is the "Historian Emeritus" of the XRCO and the driving force behind

> > Annie Sprinkle, often called "the golden girl of porn," was in a class all by herself. Her 1981

release, Deep Inside Annie Sprinkle, is today considered a cult classic—but her credits ac all the way back to 1974's Seduction, which also featured Andrea True and James Gillis, Today, Sprinkle has a degree from the Institute of Human Sexuality in San Francisco and can best be referred to as a Sexual Educator. Her co-star in Seduction, Gillis, resides in New York City, where he is often recognized and simply known as a man about town.

Usthi Digard is a fine example of someone who wants to put her porn past behind her and stay out of the public eye. Considered one of the biggest (44-25-35) and most popular men's magazine models in the 1960's and 1970's, she started out as a translator (she speaks nine languages) and did more than her share of software and tease shorts. Digard was known for roles like "Chesty Anderson" and her appearance in Russ Meyer's Beneath the Valley of the ance in Vivid's remake of The Devil in Miss Jones and confinues to keep in touch with people in the industry. The first time I met Miss Sharon Mitchell was in the early 1990's at the adult convention in Vegas. Accompanying a photographer in the business, we stopped at her room where she walked pround, naked, and totally unassuming. This prolific per-

former with a stender figure, began in the mid-1970's in films like Lisa Meets Mr. Big. and made over 400 movies before leaving the screen Vine Handes in fovor of earning a Ph.D. from the Institute for the Advanced Study of Human Sexuality She currently runs AIM (Adult Industry Medical)—a medical facility instrumental in conducting regular tests designed primarily to help keep adult performers aware of

and free of saxyally transmitted diseases—in Los Angeles.

Vanessa Del Rio infused Latin (Puerto Rican and Cuban) blood into over 200 films like *Gulp* in 1975 and 1979's *Babylon Pink*. She prayed herself in February 1996 in an episode of "NYPD Blue" titled "Head Case." After a signing appearance at the 1997 East Coast Video Show in Atlantic City, Del Rio somewhat retreated from the public, resides in Brooklyn, and is now her own webmaster at www vanessadelrio.com.

Nino Hartley started out towards the end of porn's Golden Age, and her first appearance was in the early 1980's. Aside from her incredible performances, she is well-known for her advocating the swinging and safe sex lifestyle. She is also a fan of parady titles and appeared in Barbara the Barbaran, Friday the 13th: A Nude Beginning, Blazing Bedrooms, and really hit her early peak in popularity in Debbie Duz Dishes III. Today Hartley is still going strong in the fiz biz.

Back around 1979, Indianapolis native hyapatia Lee upset the favorites and won the Ms. Nude Garaxy Contest in Roselawn, Indiana at the annual Nudes-A-Popp n event. This unknown then came back and won it again in 1980. After a few years of feature dancing, she finally made her first of ever. 50 films, including the accioimed The Masseuse, Heavenly Hyapatia, and others. When she finally retired in the mid-1990's, Hyapatia Lee took the drostic step of spreading the false rumor that she had died. Today she is totally removed from the business and said to be

living In the Midwest.

Marilya Chambers, best known as the girl on the Ivory Soap box caver and the stor of 1972's Behind the Green Door, actualty had her first appearance in the mainstream movie The Owl and the Pussycat, starting Barbra Stresond, George Sega and Robert Kline. Since then, she has appeared in 50 or so films, was inducted in cement in 1997 at ShowGirl Video and, as Bill Margold landly refers to her as "...the queen of collector shows." She makes numerous paid personal appearances at conventions.

Lee Carroll, a sweet woman with a rough exterior, has many fans who still appreciate her early appearances in 1980's American Pie and Skintight, and the following year's The Satisfiers of Alpha Blue. She continued to work over the next decade and now resides in West Virginia.

Frances "Kitten" Natividad come into this writer's life back in the mid-1970's when, while feature dancing at The Todd Theatre in Dayton, Ohio, she contacted me to take some nude photos. Kitten, born way back in 1948, became a favorite of big bust magui Russ Meyer and ther messive mammaries were show-cosed in 1979's Beneath the Valley of the Ultra Vixens, an uncredited appearance in the mainstream comedy Airplane, and numerous adult titles and starts. Additional breast enhancements brought her from superbusty to mammoth in her later appearances in film and dancing. She has since tamed and sized down a bit and can often be seen in the ...A. urea.

Ginger Lynn was the object of 2002's "The El True Hollywood Story," where her life was chronided from start to present and revealed her mainstream and porn life and loves in detail. Lynn has also been strong on television and often plays herself on "The Man Show," "The tleward Stern Show," and others. Health problems have curtailed some of her recent appearances and activities, and currently she says she is in remission. As always, she maximizes her celebrity status.

Sad a say, many adult video personalities from porn's Golden Age are no longer alive A few of the big names that will be missed include Linda Lovelace, John C. Holmes, Rene Band, and too many others. Here are some snapshot titbits of a few others.

Juliet "Aunt Peg" Anderson lives in San Francisco as a Sex Educator. Condida Royalle directs for Adam & Eve. Gioria Leonard is retired in Florida and working on her memoirs. Justice howard is still a working on "Classic Exatic Stazs" to honor retired adult performers. Exic Edwards is in poor health. Annette Haven is comfortably retired. Shanna McCullough is married to director Jay Shanahan and still helps with production. And Amber Lynn plans to soon begin Law School.

A search is on for information regarding a few "lost" celebs from this era. Bill Margord (bmargold@acLcom) is putting together a "Legends of Erotica Playing Card Deck" to honor these performers. Feel free to confact him if anyone has current information about these performers: Leslike Bovee, Desiree Cousteau, Barbera Dare, Lisa DeLeeuw, Debi Diamonduesie St. James, Constance Money, Viper, and Serena. #

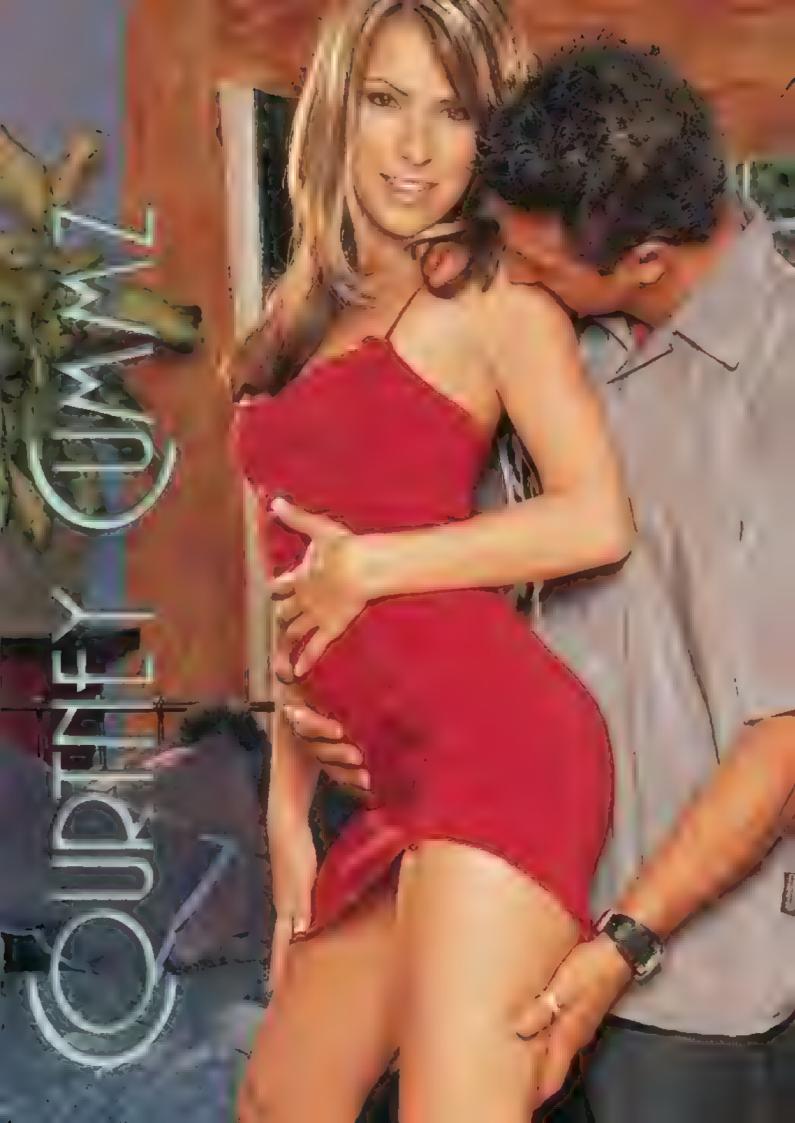

Kitten Navidad became a favorite of big bust mogul Russ Meyer and her massive mammaries were showcased in 1979's Beneath the Valley of the Ultra Vixens and an uncredited appearance in the mainstream comedy Airplane.
